

July 6, 2007

Dear Friend,

I am writing to you today to ask for your support in my campaign to be the next President of the United States of America.

Throughout my political career I have proven myself as a moderate Democrat who supports fiscal responsibility at home and the Rule of Law abroad. Domestically, I have been a strong pro-business Governor who has created jobs and invested in our schools and health care. I have done this while cutting taxes *and* balancing the budget. As a Congressman, Ambassador to the United Nations, Secretary of Energy and Governor of New Mexico, I have proven myself to be an effective leader in both domestic and international affairs.

Unique among all of the candidates for President, I have the knowledge and experience in foreign affairs and policy to reassert the United States as a constructive and positive force in the international community while protecting the vital interests of the United States. As Ambassador to the United Nations, I came to understand that the continued illegal occupation of Cyprus by Turkey adversely affects stability in the region and violates basic human rights.

Although the United States recognizes only the Republic of Cyprus as the only government on the island of Cyprus, as President, I would assure that no organ of the United States government would act in any way that may compromise the effect of that recognition. I would also support legislation pending in Congress that would enable U.S. citizens to seek reimbursement for their exclusion from and the continued use of their property by Turkey and persons acting under the protection of the Turkish occupation.

But I cannot do this without your help and support.

As you know, campaigns are expensive and judged in the press by the amount of money they raise, and this one is no different. I need to raise money now in order to build the organization that can win this race and to show the national media that the people are behind me. That is why I need your support TODAY!

I would like to ask you to consider making a \$2,300, \$1000 or \$500 contribution to help my campaign. Please make your check payable to the Bill Richardson for President Exploratory Committee and return in the enclosed remittance envelope. Or you can make a secure contribution on-line by going to www.richardsonforpresident.com.

Thank you for your consideration and I hope I can count on your support.

Sincerely,

A handwritten signature in black ink that reads "Bill Richardson".

Bill Richardson
